Place-QR

POWERED BY CRESCENDO

... designed to improve your communication to both visitors and the public

... a great addition to strengthen your marketing strategies

SAMPLE

Click/Scan QR code

By simply scanning your Place-QR code, one can view key information about your attraction (Opening hours, location, ongoing events, promotions etc.), and save it into one's phones for a review in the future. Information can be dynamically updated - without changing your QR code image.

With its distinctive and colourful design, your Place-QR can capture the public's attention and arouse their curiosity to scan.

We made communication simple and efficient

Simply scan Place-QR code to instantly access information presented in a variety of formats (photos, links, texts, video and files), all of which presented as a summary for your attraction.

Benefits

- ✅ Highly informative
- ✅ Uniquely yours – colour with photo
